

About the

Water for Fish Program

FIRST NATIONS
FISHERIES COUNCIL

Goal:

First Nations in BC are **informed, resourced** and **united** to exercise governance and jurisdiction of fresh waters in their traditional territories.

Activities include:

- BC First Nations Water Network
- BC First Nations Water Governance and Regional Water Roundtables
- Advancing BC Watershed Security Fund
- First Nations Engagement Framework for BC's *Water Sustainability Act*
- Research and resources that support First Nations-led water governance

Water for Fish EFN Activities

- Seed funding for pilot projects to develop EFN thresholds for critical streams
- Convening a strategic Environmental Flow Needs Working Group
- Ongoing engagement in BC's *Water Sustainability Act (WSA)*
 - Advancing First Nations engagement framework
 - Identifying WSA reforms under the *Declaration on the Rights of Indigenous Peoples Act*
